

SVSEF Snowboard Parents Committee 2011-2012

The SVSEF would not be the success it is today without the tremendous amount of help from parents. The Parents Committee has really helped with communication among the coaches, athletes and parents, as well as providing the volunteer help required to keep us going! The SVSEF staff and coaches cannot thank those who participated last year enough; you made a difference!

Please take the time to read the Parent Committee Outline and Responsibilities and consider participating.
